

R&B

Matt Bianco

Hear it, girl
Come out to play
Your dancing days are coming your way
Come my way
Come my way

Intoxicating rhythm
Fascinating style
Poetry in motion
Just give it a try
Just a try
Try

I don't make it a vice
Take my advice
Let the music take you there
When you get that love
You will never give it up

R&B with me, girl
R&B with me, girl
R&B with me, girl, tonight

R&B

Take it from the top
Get into the stride
The perfect combination
Will be synchronized
Synchronized

Mine's a steady beat
A shuffle on the side
When you pick it up
You start to improvise
Improvise

There's another world
We can find it, girl
Where the music feels so right
Only say the word
I will take you there tonight

R&B with me, girl
R&B with me, girl
R&B with me, girl, tonight

R&B

I don't make it a vice
Take my advice
Let the music take you there
When you get that love
You will never give it up

R&B with me, girl
R&B with me, girl

R&B with me, girl, tonight

Yeah let me show you

R&B with me, girl

R&B with me, girl

R&B with me, girl, tonight

Say yeah

R&B with me tonight

R&B
