

Stake Out

Matt Bianco

Stake out
This is a stake out

Girl I've got you in my view baby
And I'm coming after you
Ain't nothing you can do baby
You know that I'll be there every time you turn around

Stake out
When I blow your cover you'll be mine
This is a stake out
Girl I'm getting closer all the time

There ain't no disguise baby
For you to run and hide
You got no alibi baby
You know that I'll be there every time you turn around

Stake out
I can't take my eyes away from you
This is a stake out
'Cause I've been watching everything you do

Shake
Shake
Gonna shake you down shake you down
Shake
Shake
Shake
Shake
Gonna shake you down shake you down
Shake
Shake

You know that I'll be there every time you turn around

Stake out
When I blow your cover you'll be mine
This is a stake out
Girl I'm getting closer all the time
Stake out
I can't take my eyes away from you
This is a stake out
'Cause I've been watching everything you do

Stake out
Stake out
