

The Stranger

Matt Bianco

You know I'm just around the corner
Not a million miles from you
I always touch on situations
I come and go when I do

You never see me coming
There'll be no mystique
You never see me leaving
I'm not in your clique
I will go anywhere
Is there somebody there for me

Everywhere I go
I just can't let my feelings show
Am I blind to see
I don't know you you don't know me
I'm the stranger

I just wanna be the lover
But I don't know how to play
I got no communication
I never find the words to say

I walk between the shadows
Never show my fear
I'm looking through a window
Never shed a tear

I will go anywhere
Is there somebody there for me

Everywhere I go
I just can't let my feelings show
Am I blind to see
I don't know you you don't know me
I'm the stranger

You never see me coming
There'll be no mystique
You never see me leaving
I'm not in your clique
I will go anywhere
Is there somebody there for me

Everywhere I go
I just can't let my feelings show
Am I blind to see
I don't know you you don't know me
I'm the stranger

The stranger
Just a little the stranger
I'm the stranger
The stranger
I'm the stranger
The stranger...
