

# Venga

Matt Bianco

Summer time is over  
And there's no place for us to go now  
Tell me baby what are we gonna do  
I've been thinking lately about it  
And it's hard to see how  
There could be a future together  
Just for me and you

Venga  
The end of September  
And I really have to go  
Venga  
Nothing lasts forever  
Don't have to tell you so  
Gotta shake the sand from within my shoes  
Cause I'm going back, got those winter blues  
Venga

Everybody's got to have a reason to believe in  
Tell me baby I know you feel it too  
I can see the end of the road and that is why I'm leaving  
Baby it was fun while it lasted though we always knew

Venga  
The end of September  
And I really have to go  
Venga  
Nothing lasts forever  
Don't have to tell you so  
Gotta shake the sand from within my shoes  
Cause I'm going back, got those winter blues  
Gotta shake the sand from within my shoes  
Cause I'm going back, got those winter blues  
Venga

Venga  
The end of September  
And I really got to go now  
Venga  
Nothing lasts forever  
Nothing lasts forever

Venga  
The end of September  
And I really have to go  
Venga  
Nothing lasts forever  
Don't have to tell you so  
Shake the sand from within my shoes  
Cause I'm going back, got those winter blues
