We Should Be Dancing

Matt Bianco

There was the beginning, but this is not the ending
Always stuck somewhere in between
Ah baby, do we know it or are we scared to show it?
Is it everything that we dreamed?

Ah baby, we should be dancing
On a Saturday night
We should be dancing
All night, do you remember like we used to?

Oh baby, come on
Like we used to
Oh baby, come on

You know that if we let it, we're goin' to regret it
I know that we can't turn back the years
Where did we go wrong? Our love was so strong
Won't you give me one more chance to carry on?

Ah baby, we should be dancing
On a Saturday night
We should be dancing
All night, do you remember like we used to?

Oh baby, come on
We should be dancing
Oh baby, come on

Oh baby, come on
Like we used to
Oh baby, come on
Don't give up on me, baby

We should be dancing
On a Saturday night
We should be dancing
All night, do you remember like we used to?

We should be dancing
On a Saturday night
We should be dancing

We should be dancing
On a Saturday night
We should be dancing
I want you, I need you, I just want to please you, yeah

We should be dancing
On a Saturday night
We should be dancing
