

# You're the Rhythm

**Matt Bianco**

On a night like this  
I hear the music's running through my mind  
My mind  
How can I resist  
When I think about you all the time  
Oh yeah

Nothing feels so real  
Oh baby, I've got to tell you how I feel

You're the rhythm  
You will always be inside of me  
You're the rhythm  
In my heart which'll never die  
You're the rhythm  
And I just love the things you do to me  
You're the rhythm  
Take me high

When you hold me in your arms  
Boy, it's like a carnival inside  
Inside  
You're the beat within my heart  
You know when I'm with you I'm so alive  
Alive

Nothing feels so real  
Oh baby, I've got to tell you how I feel

You're the rhythm  
You will always be inside of me  
You're the rhythm  
In my heart which'll never die  
You're the rhythm  
And I just love the things you do to me  
You're the rhythm

Nothing feels so real  
Oh baby, I've got to tell you how I feel

You're the rhythm  
You will always be inside of me  
You're the rhythm  
In my heart which'll never die  
You're the rhythm  
And I just love the things you do to me  
You're the rhythm  
Take me high

You're the rhythm  
You're the rhythm  
You're the rhythm  
You're the rhythm...
