For You

Matt Cardle

You've got him I heard Such a messy start Everyone gets hurt... Friends get torn apart I hope you know.

That I'm so damn sorry So damn sorry Tied up in all this fun girl Nuts I can't undo But I can try, it's the least that I can do For you.

Blame gets thrown, around The truth's my only sound Before you go I hope you know

That I'm so damn sorry So damn sorry Tied up in all this fun girl And nuts I can't undo But I can try, baby I can try...

I'm so damn sorry So damn sorry Tied up in all this fun girl And nuts I can't undo But I can try, it's the least that I can do For you For you...
