She

Matt Cardle

She never went to church
But I still believe her
She never loses faith
She keeps the ground beneath her
She can always heal the hurt
She gets it from her mother
She always puts me first
She never lets me suffer

I never let her go
Not this time
'Cause we have so far to go
Through this life

And she's like me
And we don't leave
For anything or anyone
We've got a light
We're having fun

She kisses me to sleep
She knows that I'm a dreamer
She's the only one I keep
Closer than my [?]

I never let her go
Not this time
'Cause we have so far to go

Through this life

And she's like me
And we don't leave
For anything or anyone
We've got a light
We're having fun
'Cause she's like me

Everywhere I go
And everyone I see
Reminds me
Everybody knows
She's the only one
That I need

'Cause she's like me
And we don't leave
For anything or anyone
We've got a life
We're having fun
'Cause she's like me

It's love!

She's like me
And we don't leave
For anything or anyone

We've got a life
We're having fun
She's like me

It's love!
