

Don't rely on me
Even if I promise you, don't rely on me
Even if I do, don't rely on me
'Cause it reminds me
Why I stopped trying
Letting you go

I seen a road to a platform under the water
I shoulda broke down when its too dark for the bottom
I don't wanna bother you
But you wanna get a ride in one
Wanna rattle 'em, wanna pat 'em
You was cold when you runnin', and them legs
Throw your hands, joyous for the paper
You ain't never wanna get too G5'd on 'em
Wild on 'em, wild on 'em

I can tell you missed a lot
'Cause I see the look that only I know
I know you wish you ran a mile for me
I know you wish you saw the signs coming

Don't rely on me
Even if I promise you, don't rely on me
Even I do, don't rely on me
'Cause it reminds me
Why I stopped trying
Letting you go
