

Woo

Lay me down
Watch me fall asleep
Saw you by the morning
Could tell your mind was wandering
Subtle sounds
The jingle of your keys
Saw you by the door way before you made your way to leave

'Cause I trust you
You
You, I do (I do)

Shade all 'round
Watching from the trees
Finally made a picture with all the pieces that you leave
Warm the towel 'fore you dry your skin
Spoiled the surprise, but I don't mind if you pretend

'Cause I trust you
You
You, I do
'Cause I trust you
You (I trust you)
You, I do
I do

Wide-eyed, looking at you
I stole a [...], I think
I choose you, I chose you
Leave it all to me (I do)
I, I trust you (Yeah)
(I do)
