

All Fired Up

Matt Corby

We could try
To put out a light that's been on so long
I never missed you until I know I won't be coming home
But I'm always coming home

Cause when you fall I fall
When you break I break
You got me all fired up
I got my hands tied up
I wanna know what gets you all fired up
Got me all fired up

We could drive
So far out of the smoke that we've been breathing for so long
I never miss you until I know you won't be coming home
So tell me that you're coming home

You got me all fired up
I got my hands tied up
I wanna know what gets you all fired up

Try a little harder
You can't let it destroy you
Don't regret the things that made you strong

You got me all fired up
And I got my hands tied up
I wanna know what gets you all fired up
I wanna know what gets you all fired up
Cause when you fall I fall
When you break I break
When you crawl I crawl
When you hurt I hurt
