

# Let It Bring You Praise

**Matt Hammitt**

Lord, You created me  
Perfectly shaping me  
I know my heart  
Is safe in Your arms  
Lord, You know everything  
So when I feel afraid  
I put my faith in You

This life is Yours to give  
So with each new day  
Let every breathe that I take

Let it bring You praise  
Bring You praise  
For I am fearfully and wonderfully made  
When You choose to take  
Let it bring You praise  
Reminding the world that heaven awaits  
Let it bring You praise

Before I even speak  
You know my every need  
All that I am  
Is because You are

You know my heart  
You know my heart

Let it bring You praise  
Bring You praise  
For I am fearfully and wonderfully made  
When You choose to take  
Let it bring You praise  
Reminding the world that heaven awaits  
Let it bring You praise

Before I was born  
You numbered my days  
The story is yours  
I'm just a page  
With every word  
I want to proclaim  
Let my life proclaim

Let it bring You praise  
Bring You praise  
For I am fearfully and wonderfully made  
When You choose to take  
Let it bring You praise  
Reminding the world that heaven awaits  
Let it bring You praise
