

# Life Is Good

**Matt Hammitt**

Life isn't perfect  
But then again what is  
'Cause part of Your purpose  
I would keep on trusting

I don't have to be on top of the world  
To see I got all that I need  
I don't have to be on top of the world  
To see what You've given to me

It's one of those days when all I can say  
Is life is good  
You are alive, a new sun will rise  
And life is good

Oh, life is, life is  
Life is good  
Oh, life is, life is  
Life is good

Where there's love and laughter  
I wanna soak up every moment  
It is well with my soul now  
'Cause I know where my home is

It's one of those days when all I can say  
Is life is good  
You are alive, a new sun will rise  
And life is good

Oh, life is, life is  
Life is good  
Oh, life is, life is  
Life is good

It's one of those days when all I can say  
Is life is good  
You are alive, a new sun will rise  
And life is good

Life is, life is  
Life is good (Life is good)  
Life is, life is  
Life is good  
Life is good  
Life is good

Life is, life is  
Life is good  
Life is, life is  
Life is good
