

Like Arrows

Matt Hammitt

Oh it's the greatest, hardest thing we'll ever do
To raise 'em on the straight and narrow truth
Send them out beyond their wildest dreams
Sons and daughters are the legacy

Pray on through, this crazy life
And watch 'em fly straight to
The target that we're aiming for, it's You
The target that we're aiming for is You

To the ends of the earth it will take this life
Like a [?] flying through the darkest night
Lift 'em up, pull back the bow
Say a prayer and let 'em go like arrows
Send 'em out like arrows

Oh it's the most important battle we will fight
We've gotta give 'em more than words, let's give our lives
Oh it takes patience, it takes courage, it takes heart
We may be broken but it's not too late to start

Pray on through, this crazy life
And watch 'em fly straight to
The target that we're aiming for, it's You
The target that we're aiming for is You

To the ends of the earth it will take this life
Like a [?] flying through the darkest night
Lift 'em up, pull back the bow
Say a prayer and let 'em go like arrows
Send 'em out like arrows

I have decided to follow Jesus
No turning back, no turning back
I have decided (we have decided) to follow Jesus (to follow Jesus)
No turning back (no turning back) no turning back (no turning back)

To the ends of the earth it will take this life
Like a [?] flying through the darkest night
Lift 'em up, pull back the bow
Say a prayer and let 'em go like arrows

To the ends of the earth it will take this life
(Send 'em up like arrows)
Like a [?] flying through the darkest night
(Like arrows)
To the ends of the earth it will take this life
(Send 'em up like arrows)
