

Numb

Matt Hammitt

Don't let me grow numb to it
Don't let me go cold through it
Let my heart burn with your love
Singing Holy Spirit come
Don't let me grow numb, no
Don't let me grow numb

Yeah I've known the wonder
Just being with you
But I can't slow down this time machine
Caught up in this constant stream
No wonder
Oh I've been so consumed
And I know it's all my fault but I'm
Asking you

Don't let me grow numb to it
Don't let me go cold through it
Let my heart burn with your love
Singing Holy Spirit come
Don't let me grow numb
Don't let me grow numb
Let my heart burn with your love
Singing Holy Spirit come
Don't let me grow numb
Don't let me grow numb, no

Show me the color
Illuminate the room
Ooh just let me hear your heart again
I am listening
But it's like thunder
'Cause I'm so far away
All I want is to move closer to it
Face to face

Don't let me grow numb to it
Don't let me go cold through it
Let my heart burn with your love
Singing Holy Spirit come
Don't let me grow numb
Don't let me grow numb
Let my heart burn with your love
Singing Holy Spirit come
Don't let me grow numb
Don't let me grow numb, no

Take me back to
When I first met you
When I was glowing like fire
Deep inside
Take me back to
When it felt brand new
When I first knew love
Before I grew numb
