

No Starting Over

Matt Hires

Take a breath
And let it out
No starting over
Put my bones
Into the ground
You can't go backwards

If I'm all that is
And I'm all that was
Then I'm all that is to come
If I'm all that is
And I'm all that was
Then I'm all that is to come

Then you're not my love
Cause love ain't real
It's our reaction
And you're not my sister
You're not my brother
It's all just stupid made up words we call each other

If I'm all that is
And I'm all that was
Then I'm all that is to come
If I'm all that is
And I'm all that was
Then I'm all that is to come

Oh woah-oh-oh
Oh woah-oh-oh
Then what about some kind of redemption
Oh woah-oh-oh
Oh woah-oh-oh
Then what about some kind of resolution

If I'm all that is
And I'm all that was
And I'm all that is to come
If I'm all that is
And I'm all that was
And I'm all that is to come
If I'm all that is
And I'm all that was
Then what

Take a breath
And let it out
No starting over
