

Drive It Like You Stole It

Matt Kennon

When you finally get that break
that you've been waiting for
when you finally get that boot in the door
all those years of being broke
all the tears and broken hearts
well, you'll find out that's just the easy part

'Cause when you get your wishes
what you gonna do
sitting in the driver's seat
and every eye's on you?

You better drive it like you stole it
hit the hole like it's fourth and go
you better take it like you own it
hit the stage and then steal the show
'cause it's your moment, you better get on it
and drive it like you stole it

Go ahead and take a moment to enjoy the view
long enough to catch a breath or two
but you didn't come this far just to say you did
no, you didn't come this far to quit

All our time is borrowed
and life it is a gift
and this body's just a rental
before you leave it in the ditch

You better drive it like you stole it
hit the hole like it's fourth and go
you better take it like you own it
hit the stage and then steal the show
'cause it's your moment, you better get on it
and drive it like

It's a high speed chase
blue lights in the mirror
no time to waste
you better get in the gear

And drive it like you stole it
hit the hole like it's fourth and go
you better take it like you own it
hit the stage and then steal the show
'cause it's your moment, you better get on it
and drive it like you stole it

Like you stole it
drive it like you stole it
like you stole it
