

Glad I Tried

Matt & Kim

Can we go a little farther?
Can we get a little higher?
Can you drive a little faster?
Worried time is gonna pass you
I think we should make it bigger
Everyone is going smaller
What if we got louder?
Would it make you any prouder?

3, 2, 1, count it down
Swim or drown
I'm just glad I tried
I'm just glad I tried

To dine on something better
But nothing too fancy
Find some water that's wetter
I'll take it if you have me
Coming up, I was a fighter
No apologizing
The sky is looking brighter
As the sun is rising

3, 2, 1, count it down
Swim or drown
I'm just glad I tried
I'm just glad I tried
I'm just glad I tried
Glad I tried

Back when I was still alive
Thought I was old at 25
But, bruised up 'til the end of time
Oh, spent my whole life in my prime
(Yeah)

Back when I was still alive
Thought I was old at 25
But, bruised up 'til the end of time
Oh, spent my whole life in my prime

Back when I was still alive
(Back when I was still alive)
Thought I was old at 25
(Thought I was old at 25)
But, bruised up 'til the end of time
(Bruised up 'til the end of time)
Oh, spent my whole life in my prime
