

I See Ya

Matt & Kim

I missed all your calls
And your text too
But don't worry I see ya
Don't worry I see ya

I even meant
To send this post card to you
But don't worry I see ya
Don't worry I see ya

The past six years
Have been one big blur
Don't know where I was
Or where you were

The past six years
I would change or redo
But I know I'd make
A little time for you

And all my friends
And family too
I really miss you
I really do

And all my friends
My family too
I miss you
I miss you
