

## Make A Mess

Matt & Kim

Let's make a mess cause we've been clean for way too long  
Let's get undressed and dance naked to this song  
So sick of playing by the rules, so bored of caring what is cool (Hey!)  
Let's make a mess cause we've been clean for way too long  
(Go, go, go!)

Let's make a mess cause we've been clean for way too long  
Scream the loudest and get all the lyrics wrong  
Live every day like it's your first, while everyone else looks rehearsed (Hey!)  
Let's make a mess cause we've been clean for way too long  
(Go, go, go!)

Let it, let it fall down, let it fall down, let it all fall down, go!  
Let it, let it fall down, let it fall down, let it all fall down, go!
