

# Cliffy

**Matt Maeson**

Cliffy's cutting close to the power line  
But his daddy can't tell cause he's just as high  
And I wanna let him know but I won't this time  
Cause I'm running real low and he's my supply

Oh so just tell me, are you still hurting?  
And where did you come by all of those burdens?  
Oh so just tell me, are you still hurting?  
And where did you come by all of those burdens?

So I rumble and I tumble with the man upstairs  
He said, "Boy, you gotta stop pulling out your hair"  
I'm not gonna go away, I'm still involved  
"You ain't drowning me out with that alcohol"

Oh so just tell me, are you still hurting?  
And where did you come by all of those burdens?  
Oh so just tell me, are you still hurting?  
And where did you come by all of those burdens?

Cause I bet my life on you  
Oh I bet my life on you  
Oh I bet my life on you  
Oh I bet my life on you

Oh so just tell me, are you still hurting?  
And where did you come by all of those burdens?  
Oh so just tell me, are you still hurting?  
And where did you come by all of those burdens?
