

Make It Back

Matt Maeson

It's the sound of the gun
It's the man on the run
It's the last time I'ma see the sun
'Cause I'm never gonna make it back

Are you coming with me? (Make it back)
Are you coming with me? (Never gonna make it back)
Are you coming with me? (Never gonna make it back)
Are you coming with me? (Make it back)

It's a maze, it's a cage
It's the shape of the stage
It's a goddamn tricky little phase
It's the teardrop running down her face

It's a maze, it's a cage
It's the shape of the stage
It's a goddamn tricky little phase
And I'm never gonna make it back?

Are you coming with me? (Make it back)
Are you coming with me? (Make it back)
Are you coming with me? (Never make it back)
Are you coming with me? (Make it back)
