

# Unconditional

**Matt Maeson**

Mama's so strong, but her body's tired  
But she jumps up to hug me when I come home  
And Dad hates to smoke, but he chews tobacco  
And he taught me to find God on my own  
And Kendal is no stranger to trouble  
But her boys are gonna love that crazy soul  
Oh, and Britney's still scared from after banter  
But if Andrew was here, he'd be proud of her

So maybe love was always near  
Maybe love needs the fear  
Well maybe love is a broken thing  
Maybe love needs nothing

So I chain smoke the pack in Salt Lake City  
And your voice sounds the same when I'm alone  
I was drunk at the wheel in Norfolk Virginia  
Oh and I came to tears thinking of her  
Oh and darling I know that I haven't told you  
But you mean more to me than you must know  
But my head's full of fear and my heart of sorrow  
But when I'm patient enough, you've always said go

So maybe love was always near  
Maybe love needs the fear  
Well maybe love is a broken thing  
Maybe love needs nothing

It's carrying you, it's carrying you  
Don't let it go, I'm so far away  
It's carrying you, it's carrying you  
Don't let it go, I'm so far away
