

Picket Sign

Matt Maher

This is Your protest, this is Your stand
Your blood poured out for the blood on our hands
For the accused and all the oppressed
For every heart hanging on by a thread

The cross lifted up like a picket sign
You carried the weight for all mankind
You gave Your life just to give me mine
Your love lifted up like a picket sign

You are the voice for those who can't speak
You march for love, You walk with the weak
You call for justice, Your kingdom come
In Jesus name, all chains are undone

The cross lifted up like a picket sign
You carried the weight for all mankind
You gave Your life just to give me mine
Your love lifted up like a picket sign

Aaa-a-a-amen, aaa-a-a-amen
Aaa-a-a-amen, aaa-a-a-amen

The cross lifted up like a picket sign
You carried the weight for all mankind
You gave Your life just to give me mine
Your love lifted up like a picket sign
Both arms reaching for the other side
Your love lifted up like a picket sign

Aaa-a-a-amen, aaa-a-a-amen
Aaa-a-a-amen, aaa-a-a-amen
