

# The Way You Love Me

**Matt Maher**

I don't understand why mercy  
Took a million chances on me  
Every single time that grace  
Stood there as I walked away

Don't know how how you kept believing  
Lord knows you've had every reason  
To turn your back and disappear  
But just the fact that you're still here

Oh how can it be  
Makes me want to sing  
Every day I'm amazed  
At the way you love me  
Cause I've finally found  
What it's all about  
Gotta say I'm amazed  
At the way you love me

I could search the world forever  
To the moon and back but never  
Never would I ever find  
A better love as sweet or kind  
Wildest dreams couldn't imagine  
Something this good could have happened  
If you know what I'm talking bout  
Spread a little love around

Oh how can it be  
Makes me want to sing  
Every day I'm amazed  
At the way you love me  
Cause I've finally found  
What it's all about  
Gotta say I'm amazed  
At the way you love me

It's unbelievable  
It's unrepeatable  
It's unconditional  
It's so unthinkable  
More than magical  
It's supernatural  
The way the way the way you love me

It's undeniable  
It's uncontainable  
No matter where I go  
In every high and low

It's indescribable  
It's irreplaceable  
The way the way the way you love me  
Oh how can it be  
Makes me want to sing  
Every day I'm amazed  
At the way you love me

Cause I've finally found  
What it's all about  
Gotta say I'm amazed  
At the way you love me

The way the way the way you love me

The way the way the way you love me
