

Won't Let Me Down

Matt Maher

Standing in ruins
Covered in ashes
Why God, oh why?
Do we suffer in life

A heart is in shambles
There's no easy answers
But You aren't surprised
There's no fear in Your eyes

All through the night
All through the night

Your love won't let me down
You always find a way somehow
I know Your heart will never walk out
Your love, it won't let me
It won't let me down
Your love, it won't let me
It won't let me down

To all that is fallen
You bring redemption
You heal and provide
And hope will arise

All through the night
All through the night

Your love won't let me down
You always find a way somehow
I know Your heart will never walk out
Your love, it won't let me
It won't let me down
Your love, it won't let me
It won't let me down

You hold me up, You hold me up
You hold me all through the night
You hold me up, You hold me up
You hold me all through the night

Your love won't let me down
You always find a way somehow
I know Your heart will never walk out
Your love, it won't let me
It won't let me down
Your love won't let me down
You always find a way somehow
I know Your heart will never walk out
Your love, it won't let me
It won't let me down
Your love, it won't let me
It won't let me down...

Oh Your love, it won't let me
It won't let me down

Your love, it won't let me
It won't let me down
