

# Buses Replace Trains

**Matt Maltese**

Close ain't close enough  
I wanna tiptoe in your mind  
Forever is too short  
I wanna make love in the afterlife  
And time won't stop being time  
Minds won't stop changing minds

Buses replace trains  
White lines replace planes  
But there's no replacing you and I  
Buses replace trains  
Highways replace lanes  
But there's no replacing you and I  
I'd like to see them try

Every single morning, you wrap you wrap your legs around mine  
And satellites light above, mythological creatures run  
Just to catch a glimpse of her

Buses replace trains  
White lines replace planes  
But there's no replacing you and I  
Buses replace trains  
Motors replace sails  
But there's no replacing you and I  
I'd like to see them try

I know it's not that simple  
But it is  
I know it's not that simple  
But it is

I know it's not that simple  
But it is
