

## Human Remains

Matt Maltese

La-la, la-la-la, la-la  
La-la, la-la-la, la-la

Nights beneath the same old moon  
I dream you tell the tragic truth  
I love my pets more than you

Glimpse your father at the Louvre  
I smell your perfume on the tube  
I've gone insane

(La-la, la-la-la, la-la)  
We're just human remains  
(La-la, la-la-la, la-la)  
We took so much away  
(La-la, la-la-la, la-la)  
And one human remains
