

Wish You'd Ask Me

Matt Maltese

I wish you'd ask me
If I wanna be your baby
I wish you'd ask me
If I wanna be your baby

Though I know you've heard it all
I just wanna be your one
And I don't like anyone
But I like you very much
I just wish you'd

Ask me
If I wanna be your baby
I wish you'd ask me
If I wanna be your baby

Though I know you often call
I can't hug my phone at night
I am not a sentimental guy
I need you in my life

I just wish you'd

Ask me (I could roll your cigarettes)
If I wanna be your baby
(Oh baby)
I wish you'd ask me (I could roll your cigarettes)
If I wanna be your baby (I could make good friends with your other friends)
(Oh baby)
I wish you'd ask me (I could roll your cigarettes)
If I wanna be your baby (I could make good friends with your other friends)
(Oh baby)
I wish you'd ask me (I could roll your cigarettes)
If I wanna be your baby (I could make good friends with your other friends)
(Oh baby)

I could roll your cigarettes
I could make good friends with your other friends
Oh baby
I could roll your cigarettes
I could make good friends with your other friends...
