

Ola Volo

Matt Mays

Her name is Ola Volo
She paints the masterpieces
She knows of another dimension
Another world where time is suspended

Her name is Ola Volo
She paints the ceiling above the beast
Above the monster that we call life
Please paint me out of what no one will remember

So let me know if you see her
Cause I really need to meet her
Gotta ask her for a favour
To get me out of here

Paint me out of here x 4

Her name is Ola Volo
She paints the masterpieces
She knows of another dimension
Another world where time is suspended

I've searched the glass city it led me to a dream
That's when I knew when I was getting close
Getting close to you
To you

So let me know if you see her
Cause I really need to meet her
Gotta ask her for a favour
To get me out of here

Paint me out of here x 4

Ola
Paint me into one of your walls
Ola
Get me out of here

Dear Ola
Hide me behind some hidden stars
Have me run in synch with the animals
I don't care

Just Paint me out of here
Out of here
