

# Game Over

**Matt McAndrew**

Tripped on love  
Just my luck  
On my lips  
Into my blood  
Woah oh oh, oh oh oh  
Woah oh oh, oh oh oh  
Tried to run  
Didn't get far  
Whiskey kiss  
Straight to my heart  
Woah oh oh, oh oh oh  
Woah oh oh, oh oh oh

Started with a tap on the shoulder  
Then you rolled over and hit me like a boulder  
Hey!

Remember when we were sober?  
Me neither, take me home  
Game over  
Remember when we were sober?  
Me neither, take me home  
Game over  
Remember when we were sober?  
Game over, game over

Stumble through the avenue  
Fall into a cab with you  
Woah oh oh, oh oh oh  
Woah oh oh, oh oh oh  
Dizzy on the smell of your skin  
Let's go crazy, just like Prince  
Woah oh oh, oh oh oh  
Woah oh oh, oh oh oh  
Uh-oh

Started with a tap on the shoulder  
Then you rolled over and hit me like a boulder  
Hey!

Remember when we were sober?  
Me neither, take me home  
Game over  
Remember when we were sober?  
Me neither, take me home  
Game over  
Remember when we were sober?  
Game over, game over

Woah oh, oh oh oh  
Remember when we were sober?  
Woah oh, oh oh oh  
Me neither, take me home  
Game over  
Woah oh, oh oh oh  
Remember when we were sober?  
Game over, game over

Take me ho-ho-ho-home

You and me, we can run this town  
Take me ho-ho-ho-home  
So high we don't wanna come down  
Take me ho-ho-ho-home  
Got my heart beating at the speed of sound

Remember when we were sober? (sober, sober, sober, sober)  
Me neither, take me home  
Game over  
Take me ho-oh-oh-ome  
Remember when we were sober?  
Me neither, take me home  
Game over  
Remember when we were sober?  
Game over, game over  
You and me we can run this town  
Remember when we were sober?  
Me neither, take me home  
Game over  
Remember when we were sober?  
Me neither, take me home  
Game over
