

Love Is Alone

Matt McAndrew

What good's a mac if you ain't got the cheese
What good's the summer if you ain't got the breeze
What good's a sunburn if it don't turn to tan
What good's the movies if I can't hold your hand

I've got soul but I ain't got shoes
Honey love is alone without you
I've got funnies but I ain't got news
Honey love is alone without you

What good's a BB if you ain't got the gun
What good's a playin' if it's not any fun
What good's a wand if you ain't got the spells
What good's a goodbye if ain't farin' well

I've got soul but I ain't got shoes
Honey love is alone without you
I've got funnies but I ain't got news
Honey love is alone without you

Maybe I'm just not awake
Maybe I'm dreamin' with you
It's gonna be a long summer break
The longest one I ever knew
Without you, love is alone

What good's buyin' groceries when there's no way to share
What good's the hidin' when there's no one to scare
What good's a surfboard when there's not any waves
What good's grown whiskers when you can't help me shave

Singin' I've got soul but I ain't got shoes
Honey love is alone without you
I've got funnies but I ain't got news
Honey love is alone without you

I've got soul but I ain't got shoes
Honey love is alone without you
I've got Huey Lewis but I ain't got the news
Honey love is alone without you
