

Before You Go

Matt Monro

Come to me
Before you say goodbye
Hold me close
Before I start to cry

I will miss you more
Than you can ever know
So kiss me once again
Before you go

I long with all my heart
For you to stay with me
But I know
That this can never be

Only yesterday
You said we'd never part
And now you leave me forsaken
Along with this ache in my heart

Though our love is an ember
My darling remember
I love you so

Just kiss me once again
Before you go
Before you leave me now
Before you go

Though our love is an ember
My darling remember
I love you so

Just kiss me once again
Before you go
Before you leave me now
Before you go
