

It's a Breeze

Matt Monro

When you hear a band that's swinging
Or you dig Sinatra singing
When the duke is highland flinging - it's a breeze
If you're in the opera set
Go to first nights at the met
Hey man, it's a gas, it's a ringa-ding-ding - it's a breeze

When you're in a jet high flying
Or you've backed a horse that's trying
If the fish you've caught is frying - it's a breeze
When you've slammed a hole in one
Bagged a tiger with your gun
Hey man, it's a gas, it's a ringa-ding-ding - it's a breeze

A trip to Europe on the liner France
A holiday another new romance, but
If it's love you've really craving
With a home a hearth a haven

Then it's time you started saving - it's a breeze
When the jackpot you have hit
And you tell your boss I quit
Hey man, it's a gas, it's a ringa-ding-ding - it's a breeze

When you're sailing on the med in your new yacht
You couldn't give a damn no matter what, but
When you've found the ball is over
And you're tired of being a rover
And you still can live in clover - it's a breeze
When you dig a chick that's got it
And the marriage ties' been knotted
Hey man, it's a gas, it's a ringa-ding-ding
Hey man, it's a gas, it's a ringa-ding-ding - it's a breeze!
