

## Just Yesterday

Matt Monro

Mine, your arms were mine  
Your lips were wine  
Just yesterday  
And life was fine just yesterday  
Now overnight you're gone

We had dreams to spare  
The thrill was there  
Only yesterday  
And now it seems so far away  
I face a lonely dawn

Must I get used to missing you?  
Must tomorrow find me lost?

You're my only love  
The only love there'll ever be  
Bring back yesterday, bring back yesterday  
To me
