

# Pretty Polly

**Matt Monro**

Listen to me, Polly, while you can  
You're a pretty Polly, ask any man  
Soon you will awake  
And you'll want to take the world  
That's when I'll lose you

Wide-eyed, pretty Polly  
Soon you'll be worldly, pretty Polly  
For all to see  
Youth lasts for a moment  
Hold on to that moment  
Spend your moment close to me

Don't change, pretty Polly  
When you fly  
Ride your rainbow, Polly, across the sky  
One day you'll be going  
I know you'll be going  
When the face of love appears  
But I would love you, Polly  
To stay, pretty Polly  
For another hundred years
