

## Let Me

Matt Morris

Come closer, move over, discover what love is all about  
Undercover lover, you won't do without  
You need a man to hold you til the morning light  
I will, be here, for the rest of the night  
And maybe longer  
See if could grow stronger

Just let me, let me make a memory  
Let me take you slowly  
Let me go deeper  
Just hold tight, I will make it all right  
I will love completely  
If you, just let me

Come closer, surrender, together we can touch the sky  
Love me, move me, the pleasure's here for you to find  
Can you feel it moving all throughout your soul  
Its easy, please don't, I will give up my control  
Cuz I won't need it, oh can't you feel it

Just let me, let me make a memory  
Let me take you slowly  
Let me go deeper  
Just hold tight, I will make it all right  
I will love completely  
If you, just let me

Baby with each kiss  
You'll taste what you've missed

So let me, let me make a memory  
Let me take you slowly  
Let me go deeper  
Just hold tight, I will make it all right  
I will love completely  
If you, just let me
