

Goddamn Manny

Yuh (Yuh yuh), Yuh (Yuh yuh), Yuh (Yuh yuh), Yuh (Yuh yuh)

I'm up in outer space, tappin' in with astronomy  
I can feel it in my veins, it's a part of my biology  
It's a part of my geography, from the heart it keep on throbbin' me  
From the start nobody was stoppin' me, it was hard but I did it modestly  
Yuh, nobody knew who I was now they gotta acknowledge me  
They ain't know where I was now they make me biographies  
They don't know I'm a prodigy, they don't know it's a prophecy  
Stack it up with equality, cappin' up where's your honesty  
I don't want no apologies, crackin' up, you a comedy  
I'm turning up like my philosophies  
Stack up the paper then stack up the data  
I'm with the ragers, we tearin' the place up  
I'm too creative, I made this whole thing up  
We not related, no, you not my brother  
You underrated they stuck in a slump  
I be located where you don't wanna run up  
In this generation you best make a come up  
All this frustration I'm 'bout to go dummy  
I'm on the come up, you know I'ma make it  
I'm finna run up 'til I'm dehydrated  
I get the bucks up like it's a donation  
I'm goin' up and it's causing inflation  
I'm goin' up, I'm not comin' back down  
Yeah, I know what's up and you know what that's about (Yeah)  
I glo'd up, I'm outside if I show up  
Ain't no lie, keep it a buck  
You know I'm up in the cut  
They know where I be 'cause they see me outside  
I'ma keep it a bean 'cause I don't gotta lie  
All of these energies I'm unleashin' the fye  
You competing with me, hope that he ain't dodge  
Squirming around in a wormhole, I let it out, let the world know  
Life going 'round like a circle  
I sleep in the daytime I'm feelin' nocturnal  
I'm so universal, I'm feelin' eternal  
Feel the heat on the playground, it's hot like a thermal  
I stayed with the hurdle then came in a hurdle  
Without no rehearsal, it ain't even normal  
This water's inverted, I hopped in a portal  
Time is reversing and turnin'  
I just been working through all of these burdens  
I was observing while I was out learning  
I was conserving, preserving my energy  
So none of my enemies could ever get to me  
I was disturbing and hurting my enemies  
Now none of my enemies wanna be friends with me  
You dig, I got too much drip  
I'm just way too slick, I guess I'm just way too rich  
Yeah, you dig, it is what it is, I did what I did  
This isn't a gig, I'm flippin' the chips  
I'm rockin' this Rick, I'm drippin' in Rick
