

# BACK IT UP

Matt OX

Yeah

Stack, stack, stack it up

Rack, rack, rack

Back, back, back it up

Back, back, back it up

Back, back, back it up

Back, back, back it up

Back, back, back it up

Back, back, back it up

Back, back, back it up

Back, back, back it up

Back, back, back it up

Back, back, back it

She gon' throw it back

I'mma make her dance

She gon' make it clap, when I'm throwin' up these bands

Throw it up, you know I be goin' up

When they see us, they gon' know it's us

I be geeked up 'til I'm throwin' up

Geeked up and we rollin' up

Up in the club, I ain't even old enough

They throwin' dubs while I'm throwin' hunnids

We through the ones like it ain't nothin'

[?], what I live how I want it

From nothin' to somethin', I made it out the gutter

I can't lack, I can't slack

So, I gotta watch my back

I'm gon' stack all these rack 'til I got it all in cash

The money come and go, through your highs and lows

But I'mma get that dough, I'm gon' go and get that dough

I'm back in my mode, you can't take me out my zone

'Cause I'm way too gone, you know what I'm on

I be stayin' up, 'til dawn

I be stayin' up, just so I can watch the stars

Yeah, I'm up, I'm on another level

I'm in another dimension, I'm on another level

I know this everlasting, I'm finna live forever

I stay up 'til I'm restless, It's messin' up my schedule

Lost up in this lifestyle, but I'm glossin' with my ice out

I be shinin' 'til the lights out

I be grindin' 'til I lie down

I don't got no more time out 'cause I know that it's my time now

I'm runnin' out of time, while I'm runnin' up this money

Runnin' out of time, while I'm runnin' up that money

Runnin' out of time, I been runnin' out of time

I can't give up on my squad, I can't give up on my guys

You know I'mma keep on tryin', you know I'mma keep on ridin'

I'm ridin', ridin', ridin', ridin' down the I-95, yeah, I'm slidin'

I'm ridin' 'round, pull up, I pop out, slide out

I got the whole damn mob out

Yeah, I pop out with the squad 'round, the squad out

Woah, woah

Woah, woah, woah

Woah, woah, woah

Woah, woah, woah

Woah, woah, woah-woah  
Woah, woah, woah-woah  
Woah, woah, woah-woah  
Woah, woah, woah
