

# BIGGER

Matt Ox

My racks getting bigger  
My racks getting bigger  
My racks getting bigger

My racks getting bigger  
My racks getting greener  
Hop up in that Lamb and do the dash like a speeder  
My racks getting bigger  
My racks getting greener  
My chick thick and I got a bad lil' Latina  
All the drip, drip, I be popping tags when I see 'em  
We get lit, lit, moving way too fast, y'all gotta keep up  
Y'all talking all that smack, y'all better speak up  
Just heard what you said, you better shut up

Dropped out of school at 16, I ain't never had no plan B  
All of this is meant for me like it was destiny  
I could feel the energy  
Up in the blood for all the entity  
I seen the hate up in their face, I can see they envy me  
I'm bout to break up in the mansion  
I'm bout to glitch, I'm bout to tweak  
You dig, I be off the leash  
In and out the streets, imma make the tires screech  
So turnt up, think that they all tired of me  
Keep on goin' up, it ain't no one stopping me  
Stacking up these books, I be stacking up these beans  
Insanity, insanity  
I been out my mind, I been needing some psychology  
Insanity, insanity  
I just hit your bih' with a lil' profanity

My racks getting bigger  
My racks getting greener  
Hop up in that Lamb and do the dash like a speeder  
My racks getting bigger  
My racks getting greener  
My chick thick and I got a bad lil' Latina  
All the drip, drip, I be popping tags when I see 'em  
We get lit, lit, moving way too fast, y'all gotta keep up  
Y'all talking all that smack, y'all better speak up  
Just heard what you said, you better shut up
