

# Boom!

**Matt OX**

Yeah, yeah  
Yeah I'm riding round the city  
In that whip getting dizzy  
Got these strippers all bent

Givenchy fit with the Fendi  
I'm way too drippy  
And I'm stepping in that Ricky (Ricky)  
I'm never slipping  
No they not living how I'm living  
We get way too litty  
In and out the city  
Flying out the country  
You know I'mma get it  
You know I'mma run it (Uh-huh)

Yeah and I ain't ever stopping (Yeah)  
You know how I'm rocking (Yeah)  
We gon get it popping (Yeah)  
Pop off and pop out  
At my shows I rock out  
I'm in that mode can't stop now  
I'm in that mode I can't stop  
I gotta get to that guap, yeah  
I gotta get to that guap  
Put them knots inside of my pocket  
I been giving y'all sauce and I do not even be trying  
Stop talking better be quiet  
Stop acting like you that all that lil boy we know you lying

We know you was cap, boy stop acting like you bout it  
You not really with the action (Yeah, yeah, yeah)  
We could turn that boy to action (Yeah, yeah, yeah)  
We could turn that boy to ashes  
Put him in his casket  
Send that body bag and wrap him (Yeah)  
I'm blacking out I'm spazzing (Yeah)  
Still snapping on 'em, all this drip I'm splashing on 'em  
All this high fashion on 'em  
All these bags I bag it on 'em  
All these racks I stack it on 'em (Stack)  
Stack that cash then splash it on 'em  
Pockets all fat them racks on 'em (Racks)

Big racks big bands bussin out my pocket  
In that big body benz and the whole clique sliding  
Yeah you know they riding  
Riding right behind me  
If they try we gon pop 'em  
We outside where they not at (Yeah)  
Where they guap at (Huh)  
Got the drop and now they boxed in  
Tick tick, time's tocking  
So you better come up off your block  
Before we go and bomb it

Boom-boom, boom!

I'm bout to blast to the moon  
Geeked up like I'm on shrooms  
And I'm focused my vision on zoom (Boom!)  
Zooming out the roof  
Zooming out the car  
Zooming out the coupe  
Shooting to the stars

Hopping in that coupe  
And I'm switching out the car  
They just tryna do what I do  
I had to tell them be who you are  
(Uh, yeah, uh-uh-uh, uh)
