

Dazed

Days in the summer lights

Days in the summer lights
Like a maze I'm stuck up in this life
All through the day n night
I just watch as the time goes by
Stuck up in the summer mind
Idk who's wrong or right
Stuck up in side to side
They been cappin to my eyes

I just wanna live my life
Stars on me shining bright
I can see it in the sky
You can see it in my eyes
Don't worry about me in fine
I'm ok Ima be alright

Days in the summer lights
Like a maze I'm stuck up in this life
All through the day n night
I just watch as the time goes by
Stuck up in summer mind
Idk who's wrong or right
Stuck up in side to side
They been cappin to my eyes

Sometimes I get confused
Sometimes I get stuck up in my mood
Always on the move Got no time to lose never
Pickers never choose I can't be a fool never
