

DISAPPEAR

Matt OX

You know how it feels
I ain't never felt like this in a year, yeah, yeah
I don't feel no fears
I'm just being real like this, I keep it clear

Like a mirror, I'ma disappear
I can't hear you, it's diamonds in my ears
But my heart is pierced
I stay with my peers, it be getting fierce
I don't wanna be near you, I don't wanna be near you
I don't wanna hear you, I don't wanna hear you
I don't wanna dare you, I don't wanna dare you
I know what's gon' scare you, I know what's gon' scare you

All of this is magic
All of this was meant for me like it was my destiny
They keep tryna get to me 'cause I got something to get from me
It ain't nothing to get, it ain't nothing to get
It ain't nothing to sweat, it ain't nothing to stress to me
It ain't nobody testing me, it ain't nobody blessing me
Ain't nobody finessing me, ain't nobody finesse me
That's what you get, they don't get it
I can't even rest, in my head is some [?]

Like a mirror, I'ma disappear
I can't hear you, it's diamonds in my ears
But my heart is pierced
I stay with my peers, it be getting fierce
I don't wanna be near you, I don't wanna be near you
I don't wanna hear you, I don't wanna hear you
I don't wanna dare you, I don't wanna dare you
I know what's gon' scare you, I know what's gon' scare you

But of course, the mirror isn't quite the right illustration
Space would be better
Like a black cloud that flows through space without leaving any
track
