

# GO UP

**Matt OX**

(You know who I am)

Go up, go all out  
You know what I'm talkin' 'bout  
I show up, I'm poppin' out  
My door up, my guap is out  
I post up, and posin' on you posers  
Enclose him with the dosia  
You know it, now you know us  
You know what's up  
I'm cookin' up with the formula  
You look up and we swarmin' ya  
Your luck's up, we abortin' ya  
The top's up in that foreign car  
I'll stock up, I'll cop more than ya  
Can't stop us, we be soarin' off  
Accordin' to the plans  
Soarin' off with bands  
Imported all the bands  
Made it out the sand  
Now they know the name  
No, I never change  
Never for the fame  
Stayin' in my lane  
You [?]  
Bet you fit for fame  
No, we ain't the same  
And we can't hang  
Stay up, ten toes down (Damn)  
We're some players in a playground (Playground)  
Hit a layup with a rebound  
We around  
It's gettin' loud, say keep it down  
Stack amounts that you couldn't count

You don't even know the principles  
I'ma go ghost then invisible  
I'm seein' ghosts like a ritual  
[?] you was told it was literal  
Diamonds, they glow with the minerals  
The lies gettin' 'em cynical  
I'd advise that you listen to

Me when I speak  
She a freak, so scary  
Grate the cheese, we gon' eat  
We obese, we gon' feast  
[?] and me

That's the fan  
We don't do it for the 'Gram  
We don't do it for no bands  
We just do it 'cause we friends  
Ten toes when we stand  
And I know you can't  
OX what they can't

OX, OX, OX, OX, OX  
OX, OX, OX, OX, OX

We flex more checks  
We get more than you get  
We next, then the rest  
You know already know this  
They never knew  
I kept it cool  
I stack the blue  
Then I run through  
Hop in that Coupe  
Then I go vroom  
Then we meet doom

You don't even know the principles  
I'ma go ghost then invisible  
I'm seein' ghosts like a ritual  
[?] it was literal  
Diamonds, they glow with the minerals  
The lies gettin' 'em cynical  
I'd advise that you listen to

OX, OX, OX, OX, OX  
OX, OX, OX, OX, OX

I've been stop the talkin'  
If money ain't in the topic  
I already forgot it  
Pop it, drop it, hot topic  
Drip, I rock it, you prolly don't got it  
I'm not stoppin', I just damn started  
I'm flippin', restockin' inside of the market  
[?] that is beyond me  
I'ma keep drivin', I'ma keep climbin'  
I put that grind in, I'm stayin' timeless  
I'm in the [?] with all my diamonds  
That shawty boujee, I'm stayin' grimy  
I'm finna do me, I'm not even trying

You cannot love me, come try to find me  
Stack up the [?] like it was origami  
Please do not try me  
Please do not try me  
Please do not try me  
That is beyond me  
They don't know what I see  
I stay silent, I don't speak  
Don't make a peep  
If it ain't money then I prolly gotta leave  
These boys don't deserve it, waste of energy  
They don't deserve it  
I'ma stay workin'  
Get it quick, urgent  
I can't trust a person  
I get a [?]  
I live and rebirthin' it  
I've been through the worst of it  
Pop it, drop it, hot topic  
Drip, I rock it, you prolly don't got it  
I'm not stoppin', I just damn started  
I'm flippin', restockin' inside of the market
