

# Go

**Matt OX**

Go, go, go, go

Got a lot of dough on 'em (Go, go, go, go)  
Braggin' and I boast on 'em (Go, go, go, go)  
I might hit the folks on 'em (Go, go, go, go)  
Hoppin' out that Rov' on 'em (Go, go, go, go)  
I'ma go with the bros  
On the low, stay ten toes  
Got my dough and the Ghost  
At the show, we don't go (Go, go, go, go)  
You should know 'cause I told ya (Go, go, go, go)  
I just hope I'ma show ya  
Showin' off what I copped at the mall, I bought it all  
Goin' off and showin' off, blow it all, I [?] em all  
Caught me with some other broads, that's a close call  
Told me it was never love, that was all false  
My dreams ain't no fantasy, I'm in peace, I let it be  
My team got some tendencies, you can't even hang with me  
I don't wanna, no, I don't wanna hang  
We are not the same, no, we are not the same

All I seen  
I seen it all, I seen it  
All them things  
I mean it, yeah, I mean it

What you mean what you said?  
That's all me, that's no cap  
Get the cheese, get the racks  
That's how it be, that's how it be now  
I can see, I can see now  
Live it up, don't give up  
Gotta get, get, get up  
Gotta get your, get your drip up  
Gotta flip it up then lift up  
Pop up in a drop-top  
Pull up with my riders  
Got up and I won't stop  
We not gettin' tired  
We don't like to sleep, we be stayin' geeked  
They still didn't peep, I'm still in the streets  
We stayin' lowkey, like a mystery  
I'm playin' them keys, like a melody
