

# Goosebumps!

Matt OX

Who is you?  
Who you talking to?  
You want beef, get a barbeque  
If I'm in the streets, I'm alarming you  
I try to keep peace but my piece keeps on harming you  
With the troops, yeah, that's true, what it do?  
(I get my work from the Narco)

Rack it up  
You talking crazy, can't back it  
I'm always dripping in lavish stuff  
Exclusive drip, can't get the fabrics up  
You ain't dripping like me, get your fashion up  
You ain't living like me, stop capping up  
Stop chatting with me, I had enough

I ain't in no rush, you don't even know us  
I got my dough up, put in the toaster  
Wait a second, I'm Rick stepping  
They don't even get it, so I showed 'em the message  
I showed up in the cut  
I post up in the rut  
I glowed up like it's nothing  
I told you, I ain't done  
I'm still flipping these Gs (Gs)  
Please stop fibbing on the streets (Streets)  
I'm not slipping, that's sweet (Sweet)  
I'm still tripping, I'm geeked  
(Geekity, geek, geek, geekity, geek, geek, geekity, geek, geek)  
Yeet, yeah, yeet, yeah, yeet, yeet, yeet  
I'm going OD, you can't relax me  
I don't wanna chat with these 'less you talking that cheese, ooh

Rack it up  
You talking crazy, can't back it  
I'm always dripping in lavish stuff  
Exclusive drip, can't get the fabrics up  
You ain't dripping like me, get your fashion up  
You ain't living like me, stop capping up  
Stop chatting with me, I had enough

Let's go, did you lose it?

I'm [?] that's a movement  
Up in the coupe, make it roofless  
Moved in, shoot them  
Who them? Who him?  
Her pussy doing what you is not doing  
You know we pursuing but you pursuing  
Who is him? In the bands with his friends counting bands  
Get it in, flexing it, look what I'm dressing in  
Counting chips, counting up dividends  
Not with your business, we not fitting in  
In it, no missing it  
Look what I'm dripping in, I'm lit lit  
Look who he dripping with, don't mention it  
Look what I'm counting with, you ain't getting it

Rack it up  
You talking crazy, can't back it  
I'm always dripping in lavish stuff  
Exclusive drip, can't get the fabrics up  
You ain't dripping like me, get your fashion up  
You ain't living like me, stop capping up  
Stop chatting with me, I had enough
