

I Like

Matt OX

Oogie mane
I'm workin' on dying

I like, I like, I like, I like
I like catchin' bands
I like doin' things
I like, I like
I like what it did
I like who it is
I like, I like, I like, I like
I like what it do
All my diamonds blue
They like, your diamonds, so bright (So bright)

Ridin' Rolls in the hills
Young and in the wheel
I was duckin' tests, boy, I was duckin' deals
Y'all was taking quizzes while I was countin' bills
For real, for real
And hating on me still
For real, for real
I like how you feel
Twenty thousand dollars and you think you got a mil
For real, for real
Let's just keep it real
You ain't really rich gettin' 20k a deal (I got a check)
And that check around my waist
Twenty thousand racks, I spent that on my bae
For real, get that money, on my way
And you know I'm on my way, cause that money on my way

I like, I like, I like, I like
I like catchin' bands
I like doin' things
I like, I like
I like what it did
I like who it is
I like, I like, I like, I like
I like what it do
All my diamonds blue
They like, your diamonds, so bright, so bright
I like, I like, I like, I like
I like catchin' bands
I like doin' things
I like, I like
I like what it did
I like who it is
I like, I like, I like, I like
I like what it do
All my diamonds blue
They like, your diamonds, so bright, so bright
