

Learned

Matt OX

What have I learned?
What have I learned? (Logan you're so fucking rude, not nice)
What have I learned?
What have I learned?

Oh, the tables turn
The bridges burn
What have I learned?
Oh, oh
What have I learned?
What have I learned?
What have I learned? (Oh, oh)

The tables turn (The tables turn)
The bridges burn (The bridges burn)
What have I learned? (Oh, oh)
My moneys earned (My moneys earned)
I came from dirt (I came from dirt)

It's too many rats and snakes
It's too many opps and fakes
There's even cappers in your own gang
You was portrayed as a puppet face
Wait, wait, what do I think?
Wait, is this all in my brain?
Then you say that you done with the fame
Then you say that you going insane
Then you go and spend a 100k
Then you gotta go sit down and think

Hold on, what, hold on, wait
Hold on, what, hold on
Hold on, what, hold on, wait
Hold on, what, hold on, wait

I'm eating good
Food on my plate
I'm with the squad
I'm with the gang
Hold on, what, hold on, wait
Hold on, what, hold on, wait
I bring the guap
Right to the bank
I'm spending them knots
Wherever you can't

What have I learned? (Oh, oh)

The tables turn (The tables turn)
The bridges burn (The bridges burn)
What have I learned? (Oh, oh)
My moneys earned (My moneys earned)
I came from dirt (I came from dirt)
