

Low Key

Matt OX

Yeah I be around, but I keep it low key
Philly be my town where everybody know me
Haters always frown whenever they see me
Never mess around, gotta keep it all G
Yeah I be around, but I keep it low key
Philly be my town where everybody know me
Haters always frown whenever they see me
Never mess around, gotta keep it all G

Yeah they a start to talk on whenever they see me
Thought it was just twitter til I turned that 40
Boy you be cheesin', this ain't macaroni
Yungin' think he tough, but he really phony
I be out on the job workin' hard til I die
Goin' up to the sky, gettin' lit like some fun
But I'm always on my grind, if you tweakin' it, it ain't fine
They be talkin', never quietin' I can't listen don't got time
Ballin' hard like the Cavs, spray his ass with the mass
Got it on me like a snack, I was never in the back
I'm a young leader on attack, heard your rap, it was lack
I'm workin' hard runnin' laps, workin' til I collapse
I don't sleep, no naps, it ain't funny no laughs
Fame comin' soo fast and I got 100 raps
All state in the bag, you don't want no beef
I give your ass the big mac, my main need it, I'm the map
Yungin' made it too quick, I'm on your ass like I'm rick
Hit his ass with that stick, I'm ballin' hard with the clique
Mess around, get tricked, look at the flick at the wrist
Diamonds on me got you pissed, tried to hit me and you missed
Other day you just dipped, gave him time for a mix
Cousin might get lit and you might get flipped
Like goddamn, I'm lit, cheese, bacon, sausage, grits
And I'll give a little kick, hit his ass with the fist

Yeah I be around, but I keep it low key
Philly be my town where everybody know me
Haters always frown whenever they see me
Never mess around, gotta keep it all G
