

Never That

Matt OX

(Sheesh)
It's getting spooky out here
You hear the thunder
Yano the storm is coming, ya dig
You know that, you know that, for real

I put ya eggs to the test
I got that racks and invest
I got that racks and checks
It was all manifest
Had to go get what I got
Had to go flip all the guap
Had to stick to the stock
I had to stick to the Benz
Had to flip an advance
All this drip Imma dance
All this drip on my pants
I'm with the clique with the clan
We had get out of jail
We had get out off the set
Remember when they kick me out of class
Now I'm on flights first class
I know this life don't last
You know this life move fast
I go so fast do the dash
That's that, yea you notice that
Making racks and I make it back
Making racks and I spent it fast
Spending racks they don't never last

Can bring the cameras back up to see what we did
Drop the old school off at the place
When I pickup, I can see what they did
Just for the seats, ran me 5300
Snatch off is running
Yellow bone bitch bad cashier at Amary
Look in the mirror I'm in Amiri
14 grand I've spent on Gucci new socks
Anotha hundred on flops
I'm pulling up with young Matt Ox
Two Cups dark like a detox
Yellow Bone bitch not from here
